

# HOW TO ADD TEXT TO PHOTOS

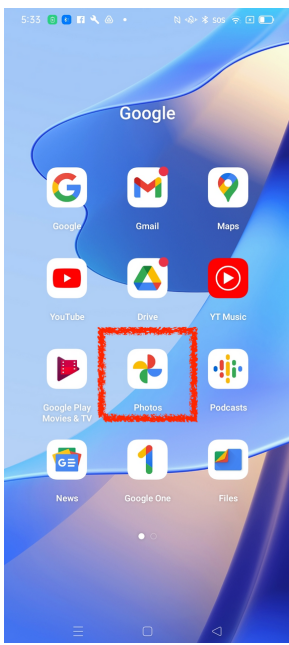

## ANDROID DEVICES

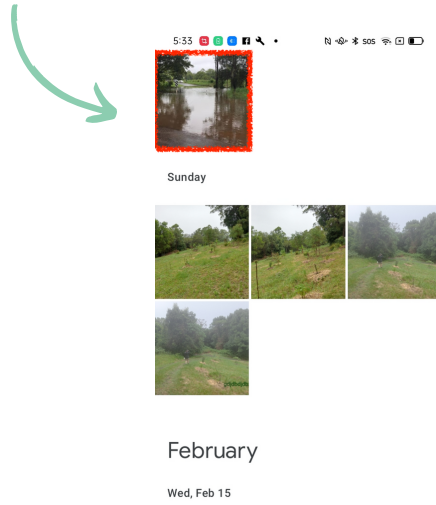

1

Open "Photos" on your phone....

...then select the image you want to add text to.

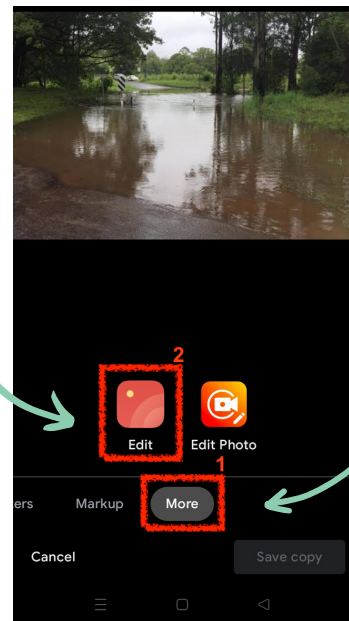

2

When the photo opens click the  symbol that appears under the photo

3

A new menu will appear under the photo, scroll along and select **More**, then select the **Edit** icon

4

Select the **Text** button, this will launch a text box....

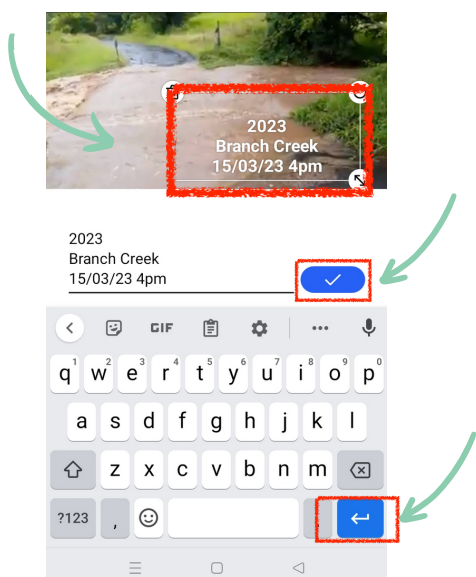

...then scroll to select your font colour

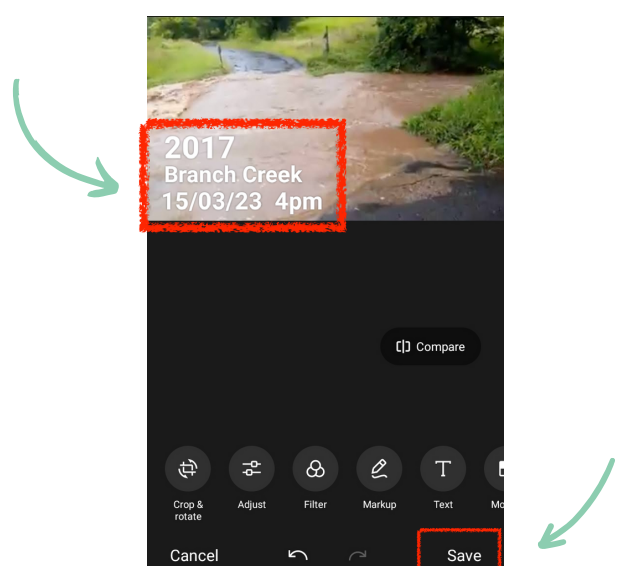

5

Select the **text box** - this will open the keypad. Type your location, date and time. Press **enter** to start a new line. Hit  when done

6

Your text will now appear on the photo. Select the **text box** and move to desired position. Click **Save**

The desired text format is Year, Location, Date / Time
